

PLAYGROUND | FENCE & BARRIER SYSTEM

STALWART II

ANTI-RAM BARRIER & SECURITY FENCE

Ameristar's Stalwart II system meets the high demands for safety and security of childcare facilities. Produced to encourage safety, the 3" picket spacing combined with a flush top and bottom rail make this decorative fence system the preferred choice among childcare owners. Designed for vehicle impact protection, Stalwart II is an integrated anti-ram barrier with proven performance that enhances the security of the site that it surrounds.
